TERMS GOVERNING SALE

This is a public auction sale, held under the auspices of the NUMISMATIC ASSOCIATION OF SOUTHERN CALIFORNIA, and is conducted by the RARE COIN COMPANY OF AMERICA, with trade name RARCOA.

The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the lot in question shall be put up again.

MAIL BIDS WILL BE ACCEPTED FROM THOSE WHO CANNOT ATTEND THE SALE IN PERSON.

When bidding by mail, we suggest that you put on your bid sheet, the absolute maximum price you are willing to pay for each lot. This DOES NOT MEAN that you will have to pay that amount in order to obtain the lot. It merely enables our agent who bids in your stead, to act for you more intelligently. You will pay only the proper advance over the next highest bidder, and this amount is often less than the top amount on your bid sheet.

With the preceding information, you can understand why we cannot accept "BUY BIDS" or "UNLIMITED" bids. If two collectors sent in "BUY" bids on the same lot, what could the auctioneer do?

NO CHARGE OR COMMISSION will be made for executing your bids, but postage or shipping, plus insurance, will be added to invoice.

Lots delivered in the State of Illinois or California will be subject to the appropriate Sales Tax. Credit cards are not acceptable for payment of auction lots.

AUCTION SALES ARE STRICTLY FOR CASH, AND MUST BE PAID FOR PROMPTLY IN U.S. FUNDS. Persons unknown to us when bidding by mail, must include a deposit of 25% of their bids. This amount will be returned, if bids are unsuccessful.

ANY LOTS PURCHASED BY FLOOR BUYERS MAY NOT BE RETURNED. No lots purchased by mail bidder may be returned without written permission. THIS IS NOT AN APPROVAL SALE, and you are expected to keep, and pay for, any lots that you purchase.

ERRORS WILL BE CORRECTED, but all claims for adjustment must be made in writing within 5 days after receipt of goods. Title remains with RARCOA, until all goods are paid for in full.

ALL PHOTOGRAPHS IN THIS CATALOG ARE OF THE ACTUAL ITEMS SOLD

Lots may be inspected in our premises from February 14 to 18, 1972 by appointment. In Los Angeles, lots may be inspected in the bourse room of the Los Angeles Hilton Hotel, beginning February 24, 1972.

Lots purchased on the floor may be picked up after each session if so desired. FLOOR BIDDERS, PLEASE USE THE SAME BIDDING NUMBERS FOR ALL SESSIONS.

A PRICE LIST of the Sale, with the amount each lot realized, will be available for \$1.00.

UNITED STATES SILVER DOLLARS

THE RARE 1895 PROOF DOLLAR

4950⁰⁰

Lot No. 548

Sold 3250⁰⁰

548. 1895 This PROOF has never been in circulation. However, some time ago it was probably dipped in order to remove the toning some of which still remains on the reverse field. A close scrutiny of the lettering will bear this out. It is still the RAREST coin of this series but because of the above, we cannot call it a gem. Still very worthy of a substantial bid.

1795 HALF EAGLE — TWO KNOWN

Lot No. 852

852. 1795 Small Eagle Reverse. Lot 4154 of Jan. 1963 F.U.N. Florida "Million Dollar Auction Sale" described: "1795 Small Eagle, variety with LIB'ERTY and re-engraved "I" (Believe the engraved had LIBI and then tried to eliminate the "I" and continued on with the BERTY). Very close date. A lovely coin, practically UNCIRCULATED, luster. The reverse has a lovely orange PROOF surface. The consignor valued this coin quite highly (in addition to its condition) as an example of the mistakes by the engravers of our first gold coinage. This is the only coin with this ERROR that we have seen. ERROR COLLECTORS (as well as date and type collectors) TAKE HEED. If we had this coin in stock, our price would be at least \$3,500.00." Nine years ago it realized \$2,750.00. "EARLY U. S. HALF EAGLES" by Walter Breen, 1966, has it listed as "Obv. 8. Rev. 1, So-called 'apostrophe' variety." WE HAVE SEEN ONLY TWO SPECIMENS — Miami F.U.N. 4154 and Melish 1833. A bid of \$5,000.00 to \$5,500.00 would seem appropriate.

1824 HALF EAGLE

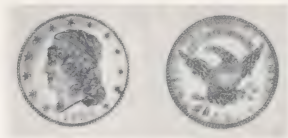

Lot No. 869

869. 1824 This was Lot 4183 in the Jan., 1963 F.U.N. Convention and was described thusly: "1824 Brilliant Uncirculated, very sharp strike. As perfect a coin as one could hope to acquire of this great rarity. \$6,000.00 was paid for this over a year ago. ONLY 7 OR 8 PIECES ARE SAID TO BE KNOWN. The guide book recognizes the great rarity of this date by omitting the price as on the rarities such as 1822, 1829, 1832 12 stars, etc. The last coin of this date to appear on the market had stated 'We are certain it is worth in excess of \$8,000.00.'"

"EARLY U.S. HALF EAGLES" by Breen published in 1966 enumerates a total of 10 specimens known in all: IMPOUNDED AND NOT AVAILABLE TO COLLECTORS: Smithsonian, Lilly (1968), Omaha City Library. IN FOUNDATIONS OR COLLECTIONS UNLIKELY TO COME UPON THE MARKET FOR A NUMBER OF YEARS: Eliasberg, Amon Carter, Jr., plus two of the others. THIS LEAVES ONLY 3 SPECIMENS WHICH A COLLECTOR MIGHT HOPE TO HAVE A CHANCE TO OWN WITHIN A REASONABLE NUMBER OF YEARS: An Almost Uncirculated (the Melish?) coin, the Very Fine Wolfson, and this BRILLIANT UNCIRCULATED very sharp strike specimen.

IN AVAILABILITY TO COLLECTORS, IT RANKS AMONG THE RAREST OF ALL UNITED STATES COINS. This coin nine years ago realized \$6,750.00. Now that the true rarity of this date is known, we confidently expect a new record to be set of more than double of that realized almost a decade ago.

UNITED STATES HALF EAGLES (\$5.00 GOLD)

Lot No. 870

870. 1826 SUPERB specimen of this VERY RARE date. Probably less than ten pieces extant. This was lot #4185 of the "Million Dollar" F.U.N. Sale of 1963. PRACTICALLY UNCIRCULATED with PROOF-LIKE LUSTER. Small scratch on reverse, but a jewel for the date. Sold for \$3,250.00 and should bring considerably more today.

THE 1829 SMALL DATE HALF EAGLE

Lot No. 871

871. 1829 This was Lot. # 4187 in the Jan., 1963 F.U.N. Convention and was described as follows: "1829 Small Date. Uncirculated, Proof surface faintest traces of cabinet friction in field. First year of the new type with beaded border instead of serrations as in previous years. The planchet is a trifle smaller (as are all this type through 1834) than the previous type. OF ALL THE LARGE AND WELL-KNOWN COLLECTIONS TO COME UPON THE MARKET, WE HAD TO GO CLEAR BACK TO 1941 WHEN B. MAX MEHL HAD THE DUNHAM SALE TO FIND A RECORD OF THIS COIN! THE DUNHAM COLLECTION ALSO CONTAINED THE 1822 HALF EAGLE. This 1829 is the Dunham specimen cataloged by Mr Mehl as Lot 2102. Mehl had this to say about it:

The record of this beautiful and excessively rare Half-Eagle is even more impressive than that of the exceedingly rare Half-Eagle of 1815, 1819 and 1828. The specimen

UNITED STATES HALF EAGLES (\$5.00 GOLD)

here offered is the identical coin sold in the celebrated Harlan P. Smith Collection, May 1906, Lot 219. This coin was purchased by Mr. Dunham in whose collection it remained these thirty-five years. It was cataloged by the Chapmans as follows: '1829 Small Date. Small stars. Border beads instead of serratures. Reverse: small letters, small planchet.' From the Ely Sale, November, 1888 — "Of Excessive Rarity." In the Ely Sale, the coin was cataloged as follows: "1829 New Type. Date, stars and legend smaller. The third in order of rarities in the Half-Eagles following 1822 and 1815 (more 1815's have since been discovered — 9 or 10 now known). One of the four known." Mr. Mehl then brings the record more current with his Ten Eyck Sale in 1922 in which he "considers the 1829 almost priceless." Mr. Mehl further states, "Since the Ten Eyck Sale, in 1922, nineteen years ago, I know of no record of sale at auction (remember, this was written in 1941 for the Dunham Sale)." Mr. Mehl goes on, "IN ALL MY FORTY YEARS OF NUMISMATIC BUSINESS, ALTHOUGH I HAVE MADE FOUR SALES OF 1815 HALF-EAGLES, AND HANDLED THREE OF THE 1819, AND MANY OTHER GREAT RARITIES, INCLUDING THREE BRASHER DOUBLOONS; in fact, as stated elsewhere in this catalogue, I have now had the pleasure and satisfaction of having had pass through my hands each and every date, mint mark and principal variety of every coin minted for circulation by all of the United States Mints. BUT DURING ALL THESE YEARS, THIS IS ONLY THE THIRD SPECIMEN OF THE 1829 HALF-EAGLE THAT I HAVE EVER HANDLED. IT IS REALLY THE SECOND, AS THE OTHER TWO SALES WERE OF THE SAME COIN!"

Max Mehl devoted two pages to this excessive rarity and three pages to the 1822. This coin is mounted in plastic and lettered as follows: "1829 Small Date Half Eagle — said to be of equal rarity to collectors as the 1822 Half Eagle — two of the 1822 \$5.00 Gold are in the hands of collectors and the last sold at \$25,000.00 in 1950. As a leading authority brought out in his article in December of 1959, THIS IS PROBABLY THE ONLY ONE AVAILABLE TO COLLECTORS AS THE OTHER FEW THAT ARE KNOWN ARE OFF THE MARKET (in museums, foundations, etc.) THIS IS THE ONLY ONE, TO THE BEST OF OUR KNOWLEDGE, THAT A COLLECTOR CAN HOPE TO OWN!"

It is interesting to compare this to the very rare 1829 Large Date, type of 1812-1829, designed by John Reich (the

UNITED STATES HALF EAGLES (\$5.00 GOLD)

1829 small date is a different type designed by William Kneass) of which five coins are known but only one is in a museum. This leaves four available to collectors. The last one of these four to be offered was in 1955 at a Stacks Auction in New York where it was bid up to \$11,000.00. After reviewing all the information pertinent to the 1829 small date the consignor bought the coin about a year ago at the asking price of \$22,500.00 figuring that if the 1822 Half Eagle was worth \$50,000.00 then this coin was worth \$22,500.00. It is my understanding that one of the 1822 Half Eagles has been sold within the past year or so at a sum "exceeding \$50,000.00" and has since been placed in one of the leading collections at a sum somewhat over \$50,000.00. I dislike using the cliché, "CHANCE OF A LIFETIME" but if these words apply to the opportunity to acquire any of the rarities in this MILLION DOLLAR SALE, then it could certainly apply to this coin. I believe this 1829 small date to be AS RARE IN AVAILABILITY TO COLLECTORS AS THE 1822 and should bring at least \$27,500.00."

It realized over nine years ago \$21,500.00. "EARLY U.S. HALF EAGLES" by Breen, published in 1966 has the pedigrees of six KNOWN SPECIMENS (Smithsonian, Norweb, Omaha City Library, 1963 Miami F.U.N. Sale, Eliasberg, Melish 1953). **THUS, ONLY TWO ARE AVAILABLE TO COLLECTORS.** This coin from the Miami F.U.N. Sale and the Melish piece. The specimen sold at auction in 1970 (no pedigree was given) presumably is the Melish specimen (which according to the pedigree description in "EARLY U.S. HALF EAGLES") is not quite the equal of this coin. That specimen realized \$23,500.00. We do not know who the new owner is; however, if it is not now impounded in a museum or foundation, then it presumably reposes in one of the great collections. Generally, these great collections come upon the market infrequently with a substantial time lapse in between. (1941 Dunham, 1954 Farouk, 1962 Wolfson, etc.)

We do expect this Miami F.U.N. specimen to set numismatic history. It may well be the last opportunity to purchase one for quite some time. After a time lapse of nine years, during which time period a great many new records were set (1967 auction \$46,000.00 for the 1913 Liberty Head Nickel of which five are known, 1970 auction \$77,500.00 for 1804 Dollar of which fifteen are known) we do expect this specimen, which in Jan., 1963 realized \$21,500.00, to now realize a price commensurate with its numismatic importance.

TERRITORIAL PIECES

FIVE D. MASSACHUSETTS AND CALIFORNIA COMPANY

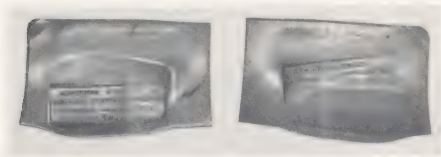

Lot No. 1007

1007. 1849 This was Lot #327 of the Nov., 1960 Michigan State Convention Auction in Detroit. The description from that sale as follows: "1849 Cowboy throwing lasso in center of shield with bear at left and stag at right, arm holding arrow at top and "Alta" below, 13 stars around border, 15 berries. Reverse name, "FIVE D." and 1849. An attractive design. UNCIRCULATED. Appears to be gold but in reality it is struck in white metal and gold plated. Very Rare. A most acceptable coin as the solid gold, if it could be obtained (I don't think it can) would probably fetch \$10,000.00". Over eleven years ago this piece realized \$1,000.00. An appropriate price now, after checking what coins of like nature have realized since, would seem to indicate a bid of somewhere between \$2,000.00 and \$3,000.00.

TERRITORIAL PIECES

1851 AUGUSTUS HUMBERT SILVER INGOT

Lot No. 1008

1008. 1851 This was Lot #1526 of the Kreisberg — Schulman May, 1966 Waldorf Auction. EVIDENTLY STRUCK FROM THE ORIGINAL DIE IN 1851 BEFORE IT WAS CHANGED EARLY IN 1852. THE ONLY SUCH PIECE WE HAVE SEEN! The consignor now values it at (\$3,000.00)". We do not know what an appropriate price now might be, but we do know that many records have been set in the six years since that sale took place.

-
1009. 1850 \$5.00 MORMON UNIFACE IMPRESSION. The obverse, date side, is an impression on white metal with some minor abrasions. We would estimate a bid on this item from \$250.00 to \$350.00.
